

The BC Management Compensation Benchmarking Survey is the Salary report that BC/DR executives and HR Professionals downloaded over 35,000 times last year. It's the one they turn to for critical information when developing and hiring for their BC/DR Programs. AND it's conducted by the only executive search firm that specializes in business continuity, disaster recovery and related careers.

This is your exclusive invitation to join the nearly 1,500 BC/DR professionals around the globe that complete this survey annually. When you complete it, you'll receive a copy of the completed study that will allow you to stay informed of industry salary standards – an important tool you can use! You could even win an Amazon Gift Certificate for \$200!

For the first time this year, the survey will be conducted using BIA Professional™ by Strohl Systems. This web-enabled tool gives our respondents easier access and it gives us better reporting capabilities for information that can be retrieved more quickly giving you the results you need much earlier.

The on-line survey is now open and will remain available until 2/17/2008. [Click here](#) to begin now! (Note: Please use Internet Explorer to complete the survey. You will then need to insert a unique username. No password is required.) We appreciate your time and effort!

Why take our study?

- Results are used to assist in benchmarking BC/DR compensations and programs. Complete confidentiality! You choose to reveal your information!
- Study accommodates FTE employees, FTE professional consultants, independent consultants and unemployed professionals with a different track of branch questions.
- Areas covered include compensation, Program Benchmarking and Education and Training.

Please forward this study to other BC/DR professionals. The more credible respondents - the better the data results. All BC, DR, Emergency Management, Crisis Management, Risk Management and Information Security professionals are encouraged to complete the study!

Results for this study will be available between early March – late May 2008.

Our previous BC/DR Compensation & BCP Benchmarking reports may be downloaded free of charge at: <http://www.bcmanagement.com>

Thank you in advance for completing BC Management's 7th Annual BC/DR Study!
